**BRIGHT SCHOOLS PARTNERSHIP ENERGY ASSISTANCE PROGRAM
APPLICATION FOR
TECHNICAL ASSISTANCE**

District Name _____

Address _____

Contact Person _____ District ADA _____

Title _____ Phone Number _____

Fax Number _____

Applicant Please Note: Should the number of requests exceed funds available, the Commission will limit the number of schools to receive technical assistance within any school district. **The attached resolution may be submitted separately, but the Commission will not process any application until receipt of the resolution.**

Please complete the following:

1. What financing source(s) will the school district use to implement any feasible energy options identified? A typical energy conservation measure may be as low as \$1,000. The Commission will give preference for technical assistance to applicants who demonstrate willingness to install viable energy conservation measures. (Examples of financing sources include: a loan from the Commission, or funding from internal budgets, etc.)
